GAS is the Cheapest and Best Fuel for All Domestic Purposes

No question about it. No other fuel will enable you to cook as quick—and with as much cleanliness, convenience and comfort.

PAID OUT A BRIBE OF \$200,000 IT IS CHARGED.

San Francisco, June 9.—George E. Starr, the treasurer of the United Railroads appeared unexpectedly on the stand in the trial of Patrick Calhoun, who is charged with attempted bribery, today and was asked to explain an item of \$200,000, which is entered as a credit on the books of the corporation for 1906, which defendant is alleged to have paid out as a bribe for an over head trolley permit. He did not remember the credit and said the book had been taken to New York and never returned by the accountant. He did not recall the \$200,000 placed to Calhoun's credit at the U. S. mint. He explained his absence from San Francisco by saying that he had been away representing Calhoun in business affairs.

HONOR MEMORY OF THE SOLDIERS IN GRAY.

The Memorial service last Sunday morning, held at the Baptist church under the auspices of Camp Val Verde of the U. C. V., was largely attended by the old veterans of both Northern and Southern Armies, and their friends. On the Sunday preceding a similar service was held at the Presbyterian church, under the auspices of the G. A. R. and attended by equal numbers of both Federals and Confederates. The services of last Sunday would have been dispensed with on this occasion, had it not been arranged before the first service was announced. It is the intention hereafter to hold the U. C. V. and G. A. R. memorial services as a union meeting.

The memorial address was delivered by Rev. H. F. Vermillion, who as the son of a Confederate veteran, was an appropriate choice for this office. And he acquitted himself well, speaking on a subject so near the heart of almost every attendant that it was a task of the greatest difficulty to be performed with satisfaction to all. But this he did, and with such success that all went away with feelings of good in their hearts and a renewed respect for the old soldiers of 1861-65.

The music was appropriate, being largely the old songs, and the whole congregation joined in the singing except when a double quartet gave "Lead, Kindly Light."

FLAG DAY PROCLAMATION.

The 132nd anniversary of the adoption of the stars and stripes as the flag of the United States occurs Monday, June 14th, 1909, and desiring to secure the widest possible observance of the day I deem it proper to call public attention thereto, and hereby proclaim, Monday, June 14th, 1909, as Flag Day, in the Territory of New Mexico.

On June 14th, 1777, the United States Congress designed the American flag. Since then it has become the symbol of a mighty nation; it has been carried to the farthest ends of the earth, and whenever unfurled it proclaims toleration, justice and fair play.

I recommend that Flag Day be observed by displaying the national emblem upon all public buildings and institutions in the Territory, as well as upon private homes and places of business; that the schools arrange for patriotic exercises suitable for the day; that the press of the Territory, which always reaches the largest audience, give its readers briefly some historical data on the American flag—all with a view to fostering, renewing and increasing patriotism, which is so essential to a worthy citizenship.

Done at the executive office this 5th day of June, A. D. 1909.

Witness my hand and the Great Seal of the Territory of New Mexico. By the Governor: **GEORGE CURRY.**

NATHAN JAFFA, Secretary of New Mexico.

THE SENATE TAKES UP THE TARIFF ON WOOL.

Washington, June 9.—By an aye and no vote of forty to thirty, the senate today adopted the finance committee's amendment restoring the Dingley rate of thirty cents per hundred on wool top waste and other wastes. The house rate is twenty cents. The progressive republicans generally voted with the democrats against the increase.

Senator Warren, of Wyoming, spoke on the tariff on wool. "Never was the time," said he, "when wool growers have been more prosperous. Unless the woolen manufacturers and the growers have an agreement, I ask in all seriousness whether it is not an appropriate thing to do, or whether they should have each other by the throats."

Senator Dolliver referred to the rag trust and Warren said he suspected it was organized largely on the plan of the wool sellers, as he had heard nothing of it until the senator from Iowa mentioned it.

The territorial limits of such city shall remain the same as under its former organization until changed as provided by law, and all rights and property of every description which were vested in any city under its former organization, shall vest in the same under the organization herein contemplated and provided for in this section, and no right or liability either in favor of or against it, existing at the time, and no suit or prosecution of any kind shall be affected by such change of this law, no franchise for a public utility shall be granted by any City Council or other governing body of any city or town in the Territory of New Mexico, until the proposition of granting said franchise has been submitted to the qualified electors of said city or town and approved by a majority of said electors.

Freight Rate Hearing.

Washington, June 9.—Rates from Chicago and the Twin Cities to the Pacific coast, which the Hill and Harman lines propose to make effective under the decision in the Spokane rate case, were the subject of a hearing by the Interstate Commerce Commission today. The time for these rates to become operative was extended from June 1 to July 1 in order that the railroads involved might be given a hearing.

MRS. RUSSELL SAGE HAS GIVEN AWAY \$25,000,000.

New York, June 9.—In less than 3 years Mrs. Russell Sage has given away twenty-five millions for public purposes and for the benefit of mankind. A recent investigation by the Workmen's Insurance and Employment agency calls attention to this prolific bounty. It took Russell Sage fifty years to get sixty-five millions. He made his fortune at the rate of \$3500 a day and it is now being given away at the rate of \$25,000 a day. If this continues the fortune will be given away in five years.

O'Brien-Ketchel Fight.

Philadelphia, June 9.—Weighing in at 160 pounds at noon today, "Philadelphia Jack" O'Brien, the pink te pugilist of the Quaker City, and Stanley Ketchel, the crack western fighter, are ready for tonight's six-round encounter at the National Athletic Club. Many fight fans from New York and other cities are here and there is prospect of a big crowd at the ring-side tonight.

The match grew out of a dispute about whether Ketchel could better the showing made by Johnson in the short space allotted and Willis Britt receiving a wire from Jack McGuigan with a big guarantee offered and the option of taking a percentage of the net receipts of the terms. There was no quibble about weight and it was O'Brien who stood out for 160, fearing that Stanley would enter the ring

far above that weight, as Ketchel has been building up with the object of meeting Johnson in October.

The match probably will draw a greater house than that between the negro and O'Brien, as Ketchel is popular in Philadelphia, through the reputation he gained by practically knocking out the Quaker fighter in a ten-round battle.
